Best Shared Value Business Ideas

Detailed Criteria for the selection of Shared Value Business Ideas

- **3. *Business is local-equivalent***
 - For an SME **business is local**, primarily. Each business idea that we will support is at least an **equivalent** of a “local business” in the sense that even digital or exporting businesses rely strongly on local suppliers, local markets, local conditions & opportunities, and are *not* result of a business made possible thanks to investments by globally acting big corporations
- **4. Produces break-even in 2 years and creates employment immediately**
 - Break-even point expected under conditions in Europe in latest 1 year, doubled for African conditions
 - Immediate employment planned **in Africa** of **min. 2 persons**, not counting the entrepreneur her- or himself, after 2 years plausible prevision of increase by min. **10 more employees**.
- **5. Own investment resources for first 2 years at least 50%**
 - Even if publicly co-financed with grants, the entrepreneur should contribute at least with 50% of the investment, also counting his or her own honorary or staff costs.
